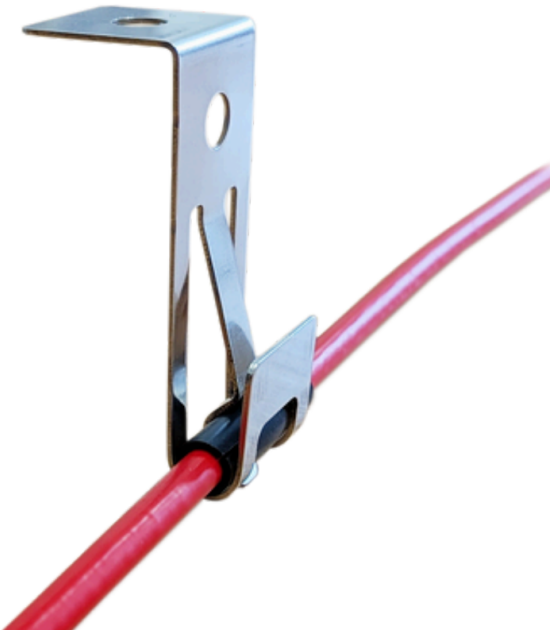
A1541-100

LHD Cable Accessorry - J Lock Clip Stainless Steel w/Sleeve (100 PC)

J-clip

The J-Lock clip is a self-retaining, J-profile cable support solution engineered for fast, clean, and reliable installation of linear heat detection (LHD) cables.
Designed with a unique snap-in channel, J-Lock eliminates the need for tie‑wraps or additional fasteners - reducing installation time and plastic waste while ensuring a secure hold in demanding environments.



Details

- Easy installation of linear heat cable
- Tool-free installation
- Self-locking
- For use on cable trays
- Available in stainless steel
- Available in quantities of 100
- Eco-conscious
