KE-VA

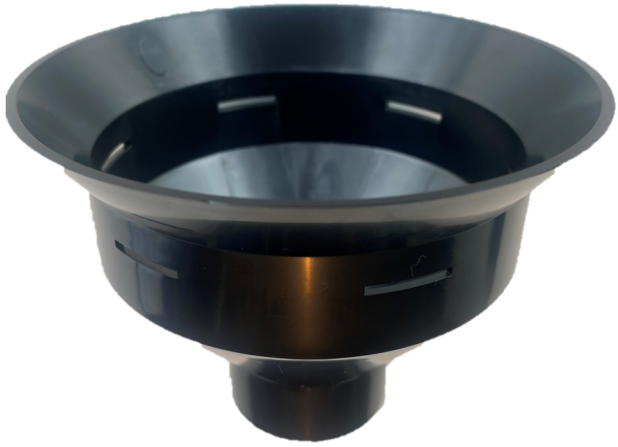
Excellence series detector cleaning tool

General

The KE-VA is a detector cleaning tool used to clean Excellence series detectors using a conventional vacuum cleaner.

Operation

The KE-VA connects to a 1.5- inch (3.8 cm) suction hose/extension tube of a conventional vacuum cleaner. When placed over the detector, loose dust and debris is removed by creating a high velocity vortex scrubbing action around the detector.



Details

- Connects to a standard conventional vacuum cleaner
- Quick & easy detector cleaning
- May be used with all Excellence series detectors

KE-VA

Excellence series detector cleaning tool

Technical specifications

Physical

Net weight	90 g

Environmental

Vandal proof	No

Compatible products

Category	Reference	Description
Detection device	KE-DP3020W	Excellence series intelligent addressable dual optical smoke detector
Detection device	KE-DP3021B	Excellence series intelligent addressable dual optical/heat detector
Detection device	KE-DP3021W	Excellence series intelligent addressable dual optical/heat detector
Detection device	KE-DP3120W	Excellence series intelligent addressable dual optical smoke detector with isolator
Detection device	KE-DP3120W-SN	Excellence series intelligent addressable isolated dual optical smoke detector w/ sounder
Detection device	KE-DP3120W-SNV	Excellence series intelligent addressable isolated dual optical smoke detector w/ sounder & VAD
Detection device	KE-DP3121B	Excellence series intelligent addressable dual optical/heat detector with isolator
Detection device	KE-DP3121B-SNV	Excellence series intelligent addressable isolated dual optical/heat detector w/ sounder & VAD
Detection device	KE-DP3121W	Excellence series intelligent addressable dual optical/heat detector with isolator
Detection device	KE-DP3121W-SN	Excellence series intelligent addressable isolated dual optical/heat detector w/ sounder
Detection device	KE-DP3121W-SNV	Excellence series intelligent addressable isolated dual optical/heat detector w/ sounder & VAD
Detection device	KE-DT3001W-HAB	Excellence series intelligent addressable heat detector
Detection device	KE-DT3101W-HAB	Excellence series intelligent addressable heat detector with isolator
