PM861

Fuente de alimentación, 24 VCC, 1 A

This efficiency cost effective power supply is ideal for use in Fire, Access control and general security applications.

Featuring a regulated 27.6 Vdc output supplying continuous full rated current to load plus additional current for charging twox12V standby batteries.

The highly efficient switch mode design ensures low operating costs, generates less heat and with a small physical size increases the room available for additional PCBs or cables. The modular construction simplifies maintenance.

Detalles

- Fault and mains present indicators
- Battery disconnect to prevent deep discharge
- Tamperswitch
- Fault outputs
- Mains and dc fuse
- Powder coated steel housing

PM861

Fuente de alimentación, 24 VCC, 1 A

Especificaciones técnicas

Output

Power output voltage	27,6 VDC
Power output current mains	1 A

Physical

Colour	Weiß
Form factor	Stahlschrank

Regulatory

Compliancy	CE, REACH, RoHS 2, WEEE
